#### Event Name: "Workshop on IPR in Electrical Engineering"

#### **Event Report:**

The department of Research & Development in association with Department of Electrical and Electronics Engineering Department had organized a "**Workshop on IPR in Electrical Engineering** "on 6<sup>th</sup> September 2024 at Simulation Lab 2<sup>ND</sup> Floor sardar vallabhbhai patel B Block. Dr. Agalya. V Professor & Associate Head was the Resource Person and this program mainly focused on Intellectual Property Rights (IPR) and its crucial role in maximizing innovation within scientific research. It aims to equip faculty members and researchers with knowledge about effective IPR strategies to protect and commercialize their innovations.

Dr. Agalya V. delivered an insightful session on patent writing, addressing various subtopics from the patent draft in detail, accompanied by examples.

The topics covered included:

- Understanding the fundamentals of IPR and patents
- Strategies for protecting scientific research through IPR
- Legal aspects and filing procedures for patents
- Opportunities for commercialization and innovation management

The session was attended by 22 participants and was highly informative and beneficial to all attendees
