EVENT NAME: One Day Workshop Role and Importance IPR in the Present scenario

BRIEF DESCRIPTION OF THE EVENT:

The **Department of Computer Science and Engineering**, in collaboration with the **Research & Development (R&D) Department**, conducted a Workshop on “**Role and Importance of IPR in the Present Scenario**” on **13th August 2025** for M. Tech., Semester II students. The workshop was designed to provide practical insights into Intellectual Property Rights (IPR) and their significance in safeguarding academic and industrial innovations.

SESSION DETAILS:

The session began with an introduction to the fundamentals of IPR by **Dr. V. Agalya**, covering **patents, copyrights, trademarks, geographical indications, and trade secrets**. The speaker highlighted how IPR plays a critical role in protecting innovations, encouraging entrepreneurship, and promoting research commercialization.

TOPICS COVERED:

During the workshop, students were engaged in interactive discussions and case study analyses, focusing on:

- Procedures for patent filing and copyright registration.
- The role of IPR in academic research, thesis writing, and publications.
- Ethical and legal aspects of intellectual property protection.
- Global trends in IPR and career opportunities in IP consultancy, patent analysis, and technology transfer.

HANDS-ON AND INTERACTIVE ACTIVITIES:

Hands-on activities included analyzing sample case studies of patents and disputes, understanding the process of identifying patentable work, and exploring strategies for

protecting software-based innovations.

CONCLUSION & IMPACT:

The workshop concluded with a Q&A session, where students clarified doubts related to patentability of academic projects, balancing research publications with patent filings, and startup-related IP strategies. Dr. Agalya motivated the participants to transform their innovative research into patentable outcomes and emphasized the importance of protecting intellectual assets in today's competitive environment
