### Event Report

Title	<b>Workshop on IP Awareness and Patent Filing</b>	
Department	Research and Development	
Date	From: 14.03.2026	To: 14.03.2026
Time	From: 02:00 PM	To: 04:00 PM

#### Introduction

The Department of Research and Development organized a Workshop on IP Awareness and Patent Filing on 16th March 2026. The workshop aimed to create awareness about Intellectual Property (IP) rights and to guide participants through the process of patent filing, thereby fostering a culture of innovation and research commercialization.

#### Objectives of the Workshop

- To introduce the concept and importance of Intellectual Property Rights (IPR)
- To educate participants on different types of IP such as patents, copyrights, trademarks, and designs
- To provide step-by-step guidance on patent filing procedures
- To encourage faculty and students to protect their innovative ideas
- To promote research translation into patents and products

#### Resource Person Details

The session was delivered by **Dr. Agalya V**, an expert in Intellectual Property Rights and patent filing. She shared her extensive knowledge and practical insights on protecting innovations and navigating the patent system effectively.

#### Workshop Highlights

- The workshop began with an overview of Intellectual Property Rights (IPR) and their significance in research and innovation.
- Dr. Agalya V explained various forms of IP protection, focusing primarily on patents and their relevance in academia and industry.
- A detailed session on the patent filing process in India was presented, including idea disclosure, prior art search, drafting, filing, and examination stages.
- The resource person demonstrated how to conduct a prior art search using patent databases.
- Participants were guided on patent drafting techniques, including claims writing and specification preparation.
- Common mistakes in patent filing and strategies to avoid rejection were discussed.
- The session also highlighted government initiatives and support schemes for patent filing.

- An interactive Q&A session enabled participants to clarify their doubts regarding IP protection and patent procedures.

### **Participation**

The workshop saw enthusiastic participation from faculty members, research scholars, and students across various disciplines. Participants actively engaged in discussions and showed keen interest in patent-related processes.

### **Outcomes**

- Increased awareness of Intellectual Property Rights among participants
- Improved understanding of the patent filing process
- Encouragement to convert research ideas into patents
- Enhanced confidence in drafting and filing patent applications

### **Conclusion**

The workshop was highly informative and impactful, equipping participants with essential knowledge on IP awareness and patent filing. The Department of Research and Development continues to promote innovation and intellectual property development through such initiatives.
